MISCELLANEOUS SHORTSTOPS

Brief Items of Local and General Interest to Our Readers.

The Supreme Court met Monday and set May 12th as the day on which applicants for admission to the bar can be examined.

The Gardnerville Record was Monday awarded the county printing of Douglas county and at a rate that is not ridiculous by its cheapness.

The "boy preacher," who has been doing such remarkable work among the backsliders in Virginia City, will soon be heard in Carson and Reno.

There are 50,000,000 flagmen, switchmen and line watchmen employed on the railroads of the United States, and the duties which devolve upon them relate primarily to the security of passing trains.—Silver State.

Wonder what the other 25,000,000 are doing.

Last year sixty-seven officers were placed on the retired list of the United States army.

The Lovelock Tribune says that J. H. Thies obtained a fine flow of water by boring a 75-foot well on his ranch.

Charles Cantry, the convict sent up from Elko county for burglary, has been adjudged insane and placed in the asylum.

The Gardnerville Courier says it is rumored that an offer of \$50,000 was made for the Cohn ranches in Carson valley last week.

One thousand shares of Dexter sold in Salt Lake at one dollar per share. Nobody here can account for the drop, as the mine is certainly in better shape and better managed than ever before in its history since the mill was built.—Tuscarora Times-Review.

The Fawn mine at Delamar has just been bonded for \$10,000. The property has a splendid surface showing.

Joe Pete Escapes.

The following account of the escape of Joe Pete, the Indian murderer, is taken from the Carson Appeal.

Late Sunday afternoon word was received from Genoa announcing the escape of Joe Pete, the murderer of William Dangberg, who is under sentence of death, the execution billed for May 4th.

To say that the escape of the redskin created excitement and comment here would place it mildly. Everyone naturally wondered how the Douglas officials could in any manner become careless enough to allow the murderer to slip through their jail. The story of the escape as it reaches Carson, seems to make matters worse.

He dug his way out of the place, which is reported a mere shanty, and covered the dirt taken out by excavating with his blankets. He must have been at work several days, as the amount of work performed could not have been done in a few hours.

Sheriff Brockless headed a party that started on a hunt for Pete and the sheriff has also offered a reward of \$50 for his capture. It is not likely that many people will offer themselves as a target for Pete's marksmanship for this munificent reward.

The fact that Governor Sadler has refused to interfere in the execution of the murderer, should have made the officials of Douglas confine the Indian in the steel tank constructed for characters of Pete's nature.

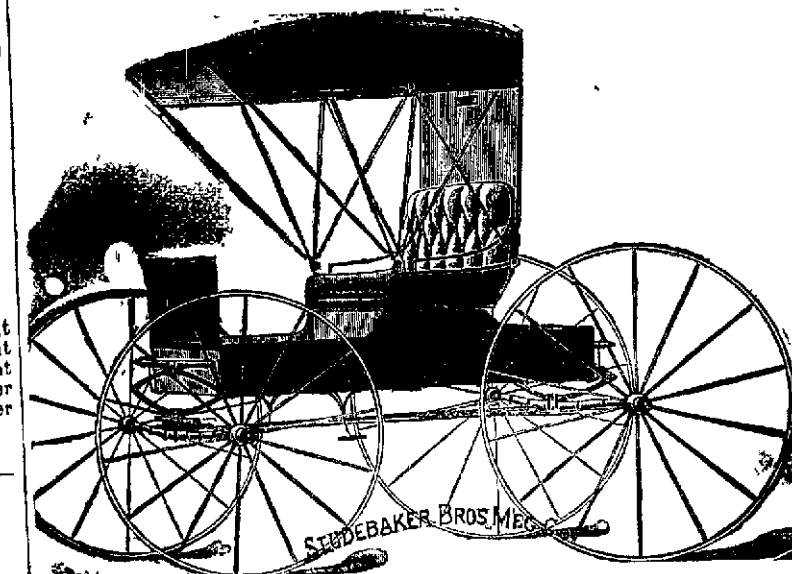

The attorneys for Pete now have a petition before the Supreme Court for a new trial, and the fact that Joe Pete has escaped will not prevent the hearing of the petition.

Up to last night there had been nothing heard from the escape, and it is hardly likely that he will be captured in a rush, as he realizes he is under sentence of death.

Word was received from Gardnerville yesterday which indicates that the people on that side of the valley don't view the escape of the murderer in a very favorable light. The commissioners paid the reward money on the former capture and offered a new reward of \$800 for Joe Pete, dead or alive. The citizen reward and likewise the Dangberg reward were paid. It is also likely that Sheriff Brockless will be called before an investigation committee, as steps were taken that way yesterday by the appointment of a coroner, who has the power to call for an investigation.

WEDNESDAY, APRIL 4, 1900.

THE PALO ALTO ABDUCTION CASE.

It is well known to those who are informed respecting the past and present that the race has made progress in the century that will close with the present year as it had not made before in a like period of time. As a result, we have arrived at an opinion that we are an enlightened people, which opinion has much to sustain its correctness from our position of review. Education and a higher moral relation, derived from teachings included in a Christian faith, have had an influence upon the race in the last hundred years for good, such as was not had from these or from any causes for centuries preceding.

The coarse and cruel have given place to a more refined and humane feeling and a more humane action than was known to the race before the beginning of the present century. People and nations who made progress in education have risen to a higher plane in morals than was known in former times. The coarse and immoral in the race have largely disappeared, and cruelty, which made its appearance too often disguised in the garb of religion, has received a rebuke that has caused it to discard its former trappings, aptly compared to the clothing of a she p, and it has taken on a more enlightened and civilized form than it possessed preceding the nineteenth century.

Among the more refined, and as a consequence among men generally, the standard of moral rectitude has been elevated, exceeding anything the world had known before our time. Wherever immorality is continued, its contaminating influence is kept within the bounds of decency by excluding it from general observation. The moral and religious sentiment of a Christian world has become a living and a positive force unknown to the people who lived in former centuries.

People work and act more from better motives included in the high attainments of the race, but in connection with our more elevated and refined position there is linked, more particularly in the west, the low cunning of the oriental, which intrudes itself at times upon our better natures, which too often receives force to humiliate the humane and refined there is in each of us by those whom we cannot deny are of our race.

The proceedings of the men, including the deed of the men engaged in the abduction of the Chinese girl, Kin Quoc, at Palo Alto, when we refrain to men on the finer feelings of the people, in disgrace to California and its intelligence. The girl had been rescued from a den in San Francisco by the Palo Alto Chinese home, which halber in charge. The girl was arrested on a trumped up charge of larceny, under a warrant issued from a justice's court.

Mrs. Cameron, a superintendent of the home, accompanied her to court, where it was directed she should be sent to jail, preliminary to trial. Mrs. Cameron burned the jail door, which the officers broke down and took the girl where the justice was holding court by the wayside. Matters had been without any doubt arranged preceding the hearing, as they were formal and short.

A Chinaman appeared and entered a plea of guilty for the girl and the justice ordered that she be fined. The fine was paid by a Chinaman and the girl was discharged, she was then taken in charge by two highbinders and was escorted away while his honor, the justice, had business in another direction than the course taken by the officials and the girl. It is evident that the people of Palo Alto feel the the but there is resting upon the town and upon them through the high based proceedings by the way side court, which gave the opportunity to her to escape and take her away, who in a way it seems as directed by their knowledge of moral ethics is superior to the justice of the Peace and other law officers engaged in the villainy.

The people of Palo Alto manifest a commendable spirit by taking up the matter in a way that declares to the world that they do not wink at villainy that included the fair fame or reputation of the town in which they live and in which there is included the liberty and morals of a human being, Chinese though she be. They have taken the matter in hand and made it known to the people at large in the State and invited their co-operation by aiding in furnishing the money required to probe the scandalous work to a finish by bringing the guilty parties to the bar of justice and to punishment, such as the grossness of the act of abduction demands under any class of cir-

stances but more especially in a moral and law abiding community. When courts and the forms of law are used to aid a violation of criminal law that effects the liberty and chastity of any member of the human family the heinousness of the offence can only be measured by punishment to the full provision made by law for punishing those guilty of the crime. The protection of a community against the lawless acts of those who will descend, under the forms of law, to a level required for the commission of such a crime, is imperative upon courts that are pure and have largely subject to their judgment and keeping the protection of the moral and law abiding against violators of law by the perpetration of crimes that involve the most sacred principles included in honor and virtue.

Rev. Lucas Dangerously Ill.

Yesterday's Examiner contains the following telegram from Fresno: "The Rev. William Lucas of the Episcopal church was unable yesterday to conduct services, being dangerously ill with concussion of the brain and of the spine, as the result of a fall from the back porch of the parsonage. He was suddenly taken with vertigo, and in the fall the left temple struck against the edge of the step. The recent determination of the vestry for a change in rectorship greatly worked on his mind and has almost incapacitated him from parochial duties."

Mr. Lucas is well known in Reno, where he was rector of the Episcopal church for a number of years. He left here several years ago to enter the pulpit at Fresno.

A Race Arranged.

The Sacramento wheelmen have agreed to the terms demanded by the Reno boys, and a fifty mile relay race has been arranged for to take place in Sacramento on July 4th.

President Frank Coffin was in receipt of a letter to that effect yesterday. King Ryan has been communicated with and will arrive here to train the boys some time during the latter part of May.

In the meantime practice matches will be made with State teams. This will give the Reno riders an opportunity to be in the pink of condition, and there seems no reason why victory should not crown their efforts.

A Wadsworth Fire.

The home of Mr. Bernard Dolan at Wadsworth was damaged by flames yesterday afternoon to a considerable extent. The blaze was first noticed by an engineer at work in the S. P. yards at that place at 5 p. m., the Wadsworth volunteer fire department responded immediately and succeeded in quenching the flames and removing the household goods.

Mr. Dolan was not at home when the fire occurred. It is believed to have been caused by a defective flue. The building was a frame cottage valued at \$300. The damage will reach \$150 caused principally by water. Amount of insurance carried unknown.

Reno's New Millinery Parlors.

Miss E. Richards, formerly of San Francisco, has opened millinery parlors in the rooms over Emrich's store on Virginia street, next to the bank of Nevada. Miss Richards has had much experience in this line and comes to Reno well recommended.

It is said that at the opening tomorrow her stock will contain many new creations in the millinery line. She cordially invites all the ladies of Reno to call and inspect her stock and incidentally become acquainted. Remember the opening will be tomorrow and continues the succeeding days.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at S. J. Hodgkinson's drug store.

Notice to the Public.

You are hereby notified to clean any dirt, rubbish, ashes, paper or other matter whatsoever in any street, alley, gutter or highway within the limits of the town of Reno, within one week from date, and any party violating this order is hereby declared to violate Ordinance No. 19, to which you are referred, and if such ordinance is violated you will be subject to fine, as therein specified.

NO FIGHT IN SIGHT.
However, an Engagement is Expected.

Special to the JOURNAL.

LONDON, April 4, 5:40 a. m.—No news has yet been received of the expected battle between General French and the Boers. There is now but a remote chance of recapturing the six guns taken from Col. Broadwood's convoy.

This, however, is regarded as quite trifling in comparison with the moral effects of the disaster.

Most of Commandant Oliver's force, which reoccupied Ladybrand and Thats Nichu, is composed of Free Staters, and the advantage gained by them will have a most disturbing effect on the minds of the Free Stater population.

British Commander Roberts now understands how necessary is some brilliant English victory to offset the recent successes of the Boers and calm rising turbulences in Free State.

Arizona Gold Excitement.

PHOENIX, Arizona, April 3.—Advices received from Jerome tonight say that the gold discovery eight miles from that camp on the United Verde railroad is developing richer than was at first anticipated.

The excitement has not abated in the least and miners are flocking to the new gold fields as fast as they can equip themselves. One hundred miners left for the scene of the discovery today, making three hundred men on the field. Employees of the United Verde and other mining companies, are quitting work and men who have had no experience in mining are joining the rush. The country for miles around the place of original discovery has been located and all locations are being worked.

Dewey Will Accept Nomination.

NEW YORK, April 3.—The Brooklyn Eagle, one of the staunch Republican organs of the gold wing of the democracy will say tomorrow morning that Admiral Dewey is a receptive candidate for presidential nomination by the democratic party; that is, he would not refuse if the people made it manifest that they desired him to stand for that exalted position.

Tacoma Election.

TACOMA, Washington, April 3.—At the election today Campbell, Republican, was elected Mayor by 200 majority. The Republicans elect six councilmen and the Fusionists three.

Fitzsimmons Matched With Ruhlman.

NEW YORK, April 3.—Bob Fitzsimmons today signed articles of agreement to meet Gus Ruhlman in a twenty-five round bout on June 2 for 67 per cent of the gross receipts. Fitz may fight Choynski first.

"Nevada for Nevadans" Again Illustrated.

WASHINGTON, April 3.—Miss Effie Harmon of Dayton, Wis., has been appointed matron at the Western Shoshone Indian school in Nevada.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself began to catch cold we begin to use the cough remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARLE, General Merchant and Farmer, Mattie Bedford county, Pa. For sale by Wm. Pinniger.
It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at the drugstore there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. Men in Perfect Condition for the
Coming Field Events Next
Saturday.

The Stanford team will be here this coming Saturday. It will consist of twelve husky, well trained California lads. This freshmen team is by far the best that Stanford has ever sent forth. It consists of several record breakers, among whom is the famous Dole, a brother of the great Charley Dole, second best all-round athlete in America.
In the sprints, Naramore, an eastern man, with a record of 10.1-5, will compete against Moorman, who has not yet reached his limit, and may surprise many of his ardent admirers by breaking the University record. He is running in beautiful shape now and Coach Brunton says he is the only man that has ever learned his style of running. The coach's style is a so-called professional style used by the great professional sprinters of America.
Every event will be hotly contested and will prove exceedingly exciting.
In the distance runs Jameson should be able to hold his own. This will be a great test of endurance. The winner will probably lower another University record.
Young Ward has developed into a phenomenon. His high jumping will prove too much for the Stanford boys, and if he keeps on improving will easily reach six feet before the season is over. He is very versatile and will enter the broad jump in which he has cleared over twenty-one feet, and also the pole vault, besides running the 120-yard hurdles.
Richards will have all he can do in the pole vault, as the Stanford men are crackjacks in that line, having cleared 10 feet 6 inches, but Roy can be relied upon to uphold the honors of the University.
Stables in the hurdles will have to do some fast work. These will prove to be the prettiest events of the day.
In the weights the three Smiths will vie with each other for honors. Such a strong combination should surely win.
In the half and quarter, the two Smiths, Packard and Jones will meet the redoubtable Smith of Stanford, who is said to be breaking records at that University.
Space prevents saying much about the men who are to make their first appearance on the field this year, among whom are Case, Mack, Roberts and Springmeyer. There may be a few "dark horses" among them.
Among others that deserve mention is Brule, "Babe" of football fame, who, unless all signs fail and girls give out, will surprise everybody next Saturday by his broad jumping.
Tobin is also trying his hand at high jumping. He is training conscientiously and looks like he will do well in that event.
Kornmayer, who injured his foot last week, is now all right and will enter the high jump and the hurdles in his usual good form.
This field day will undoubtedly prove to be the great event of the year, and will determine whether our boys are worthy of meeting three weeks later the Stanford 'Varsity team. However, the freshmen team is equal to the 'Varsity team of Stanford, and beating them will be equivalent to defeating the 'Varsity team itself.
From reports received the Stanford men feel confident of winning, but they will probably change their minds before they leave.
Every Renoite who is proud of our University should go out to the race track on that day and help "root" our team to victory, as they are in need of our moral support.
The Mill of Justice.
Yesterday was Justice Linn's busy day. He had a large batch of offenders before him charged with crimes ranging from drunk and disorderly to vagrancy. He disposed of them in a graceful manner, however.
Jackie Gray, Indian Bill, J. McNulty and Geo. Wallace were given twelve hours in which to leave town or go to jail. They left town.
John Lee and Joe Toney, charged with being a nuisance were found guilty and sentenced to ten days.
T. Conway found broke and supposed to be a criminal was sentenced to thirty days for vagrancy.
County Dads Meet.
The board of County Commissioners met in the clerk's office at the court house yesterday. Mr. Scheeline was unable to be present.
Claims from Wadsworth people to the amount of \$175 were allowed, as were also several town bills.
A petition to open up First street was laid over until next month.
It was also ordered that some of the lumber at Wadsworth belonging to the county be disposed of, and the proceeds turned over to the road fund.
Confidence in His Mine.
Steve Currie intends building a cabin at his mine in Peavine district and will put men to work as soon as it is completed. Mr. Currie has taken out some rich rock and feels confident that he has a big thing. May his fondest hopes be realized.

**SHABBY
CROSSINGS.**
A Great Improvement Needed—
Suggestion for the Improvement Club.
The Southern Pacific Railroad Company is very negligent in the matter of providing proper crossings over its tracks within the town limits. Several streets, among them being Virginia street, one of our main thoroughfares, are not passable to vehicles of any description across the right of way of the S. P. Co.
Pedestrians cross the track at Virginia street at great risk to their limbs, owing to the fact that Uncle Ollie has not seen fit to provide even ordinary board walks to accommodate the public, to whom the streets rightfully belong.
It does indeed seem queer that in a town of Reno's size people should be compelled to suffer inconvenience on account of the penuriousness of the railroad company.
The public improvement club should take the matter in hand and seek a remedy. It is a novel sight indeed to witness some of the high jumping feats performed daily by our people who have occasion to cross the tracks.

A Disappointed Officer.
Officer Leeper was called to Washoe Monday to take the trail of supposed horse thieves. Several valuable horses had disappeared and it was the belief that they had been stolen. The horses were found within a mile and a half of home contentedly grazing on the green grass with which the hills are now covered. While Charlie was glad to find the horses so easily, he was disappointed in finding that they were not haltered with a man at one end of the rope. The newspaper man was also disappointed at not having a sensational capture to record.

The Piano Recital.
A more appreciative audience never gathered in a place of amusement than the one that witnessed the piano recital given by Miss Enid Williams at the opera house last evening. Each number was heartily encored. The singing of the contralto, Miss Gratahen Bennett, was excellent.

Will Move to Reno.

The following is taken from a paper published at Danville, Indiana. Professor Tuttle has been in correspondence with a number of Reno's residents and from information gleaned has concluded to take up his residence with us. We extend the hand of welcome and hope that Professor Tuttle and his family may be benefited, both in health and financially. Reno has room for many more who come as highly recommended as does Professor Tuttle and family:
"Professor E. A. Tuttle, who has for the past ten years been instructor in band and orchestra, and had charge of the vocal classes at the Central normal college, today severs his connection with that institution, having resigned his position in order to move to a different climate in an endeavor to benefit the health of his family, particularly that of his wife.
"He has arranged to open a private studio at Reno, Nevada, for instruction in a general musical line, both vocal and instrumental. During the years Professor Tuttle and family have lived in Danville, they have made many friends who regret to lose them, yet at the same time hope the change may be most beneficial to them."

His Life Was Saved.
Mr. J. E. Lillie, a prominent citizen of Hannibal, Mo. lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even get up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at S. J. Hodgkinson's Drug Store; every bottle guaranteed.

A bad accident happened to Cunningham & Ferguson the other day, but that does not affect their fish business. They will have fish from below every Wednesday and Friday. They also carry a full line of groceries.

Drives out pains and aches. Only 25 cts. a box. Cure guaranteed. Sold by S. J. Hodgkinson's Druglist.

There will be a meeting of the Democratic State Central Committee at Reno on Saturday, April 14, 1900, at 12 o'clock noon. As full an attendance as possible is desirable as business of importance will come before the meeting.
